Here's how Joe's

Ash story really started

WE CLAMBERED flown.

THROUGH HEAVY thickets.

AND WE rowed the boat

WHERE BLACK bass hide.

THEN JOE let out a roar.

OUT TO a rocky ledge.

OR HIS cigar box.

HAD FISH lines in it.

NSTEAD OF smokes.

OUR CIGARETTES.

EVEN FIT for bait,

AND FOR an honr.

HE GOT nothing.

NOT EVEN a bite.

OR NOTHING.

AND HE refused with scorn

HE SAID they were not

HE'D HAVE a man's smoke.

BANK STOCKHOLDERS MUST

polders a sum equivalent to the amount of stock held by them in the institution at the time i tclosed its doors, the stockholders in the defunct bank will have to pay a sum equal to stockholdings. The judgment rendered applies to twenty-five stockholders with amounts ranging from \$50.00 to \$1,650. This case came to be heard on an amended bill of complaint, and the Board of Exami-ners will have to obtain from the stockholders the above amount.

Permit Granted by Government
Municipal Gulfport Pier.

The Government has granted the

The Government has granted the city of Gulfport a permit to go ahead with the work upon the municipal pier at the edge of the local basin for which the people have voted a bond issue of \$20,000.

Contracts for the structure will be let Thursday, July 8. The new pier will be twenty feet in frontage, with a depth of 200 feet which is believed to be apple for all immediate lieved to be ample for all immediate needs. This pier was given the approval of the war department before the work of issuing bonds was com-

BATHING SUITS IN FUTURE ARE TO BE MORE CHEERFUL.

GALVESTON, Tex., July 2.—Bathng suits for this year and for the future are more colorful and bizarre than in any preceding year in the history of this beach. Silk and woolen one piece suits, daringly cut and with a goodly portion of the back left open, are the popular styles. "Beach costumes," as they are known are much more pretentious. These include parasol, cape, sash, half hose and sandals, the cost of which ranges from \$25 to \$200.00.

According to bathing houses proprietors the women are not alone in their love for bright colors, for this ure are more colorful and bizarre

their love for bright colors, for this year's crop of men bathers show a predilection for yellows, purple, green, black and white stripe and red and black stripes for swimming pur-

poses.
Stockings, as a part of woman's bathing toggery, have disappeared from the beach and have given place to bare legs and half hose. A majority of the women prefer to wear neither sandals nor hose in their surf bath-

As Tree Gradually Becomes Older, Treatment Decreases in Severity and Changes in Kind.

The general pruning treatment recommended for apple trees is stated There's no reason why a person briefly as follows by V. R. Gardner of should take sickening, salivating calothe orchard it should be pruned se-It is a pleasant, vegetable liquid verely (starting out with perhaps a which will start your liver just as sure 75 per cent pruning) and this should ly as calomel, but it doesn't make you consist in both thinning out and heading back, with perhaps the emphasis upon the heading back. This heavy oruning is for the purpose of encour-Calomel is a dangerous drug. It is the framework of the tree. As the mercury and attacks your bones. Take tree becomes older bruning gradually a dose of nasty calomel today and you decreases in severity until at six or seven years when it is reaching bearmorrow. Don't lose a day's work, Take ing age and size very little pruning is. necessary; and as it gradually lessens,

tion, sluggishness, headache, coated ing back and more in thinning out. serves to develop a fruit-spur system and bring the tree into bearing. After gradually increases in amount but continues to be mainly a thinning out; and this thinning out should consist a removal of a few large limbs. When this plan is followed there is some thinning of fruit spurs and the fruit, crop, over-bearing is prevented and the length of life, regularity of bearing and efficiency of individual

fruit spurs is promoted. Ordinarily pruning is done at some time in the dormant season after most of the leaves are off in the fall and before the buds open in the spring. Doubtless this is the best time of the year for most pruning. The tree is sores. I felt all run-down, I didn't see what he is doing and choose more intelligently between limbs that should be removed and those that should be left. There is more and to

Well-Pruned Apple Tree, Three Years

be time for the work than during the to prune while the tissues of the tree are not frozen, as there is less upt to be mechanical injury to them from bruising, splitting, etc. Certain specific objects may be accomplished by summer pruning, but it is necessary that the summer pruning be timed just right, and that particular care be taken if those objects are to be attained. At least, in case of the apple it is belleved that summer pruning should be careful study of the subject.

OPEN-CENTERED TREES BEST

Possess Advantage of Exposing Leaf Surface to Sunlight—Weaker Than Leader Type.

The open-centered tree, theoretically at least, possesses the advantage of could easily straighten that out other soft rag. You will be delighted of exposing its leaf Surface, spur system and fruits more fully to sunlight and of facilitating certain orchard operations, such as pruning, spraying, thinning, and picking. On the other hand it is mechanically weaker than the lender type of tree, in that there are fewer and larger scaffold limbs that are more apt to split down at the crotches when heavily loaded and subjugated to high winds.

spraying is most effective.

It pays to prune the orchard and berry patch. Do it now. Spray also and clean marketable fruit will result.

It is especially desirable when spraying up under the trees where the follage is thick and it is necessary to cover every portion thoroughly. Don't take chances with San Jose

## Relief for Torpid Livers and Habitual Constipation

The liver is the largest and most im-portant organ in the body, and when the liver refuses to act, it causes constipation, biliousness, headaches, indigestion, gas, sour stomach, bad breath, dysentery, diarrhoes, pains in back and under shoulder blades and under ribs on right side.
These symptoms lead to colds, influenza
or other serious troubles unless corrected immediately.

An inactive liver places an extra burden on the kidneys, which overtaxes them and causes the blood to absorb and carry into the system the impurities that the liver and kidneys have falled to elim-

When you treat the liver alone, you reat only a third of your trouble, and that is why you have to take purgatives every few nights. Calomel or other ordinary laxatives do not go far enough. If you would treat your kidneys and blood aging wood growth and developing while treating the liver, you would put your entire system in order and frequent purgatives would then be unnecessary.

Dr. W. L. Hitchcock many years ago recognized these important facts, and after much study and research, com pounded what is now known as Dr. Hitchcock's Liver, Kidney and Blood Powders, three medicines combined in one. This was the Doctor's favorite prescription for many years, being used by his patients with marked success. It in severity it gradually changes in is a harmless vegetable remedy that will not make you sick, and you may eat

ing back and more in thinning out. Get a large tin box from your druggist or dealer for 25 cents, under his personal guarantee that it will give relief, tone up the liver, stimulate the serves to develop a fruit-spur system kidneys to healthy action and thereby purify the blood. Keep it in the home for ready use whenever any member of the family begins to feel "out of sorts." It will prove a household friend and a valuable remedy.

# DA. THACHERS EQAND BIO SYRUP

Yours a Sick of LIVER

How's your liver! Are you constipated, bilious, grouchy? Have you dizzy spells, dull headaches, bad taste in your mouth, foul breath? It so, you need Dr. Thacher's Liver and Blood Syrup; which has been knocking out troubles of your sort ever nince the good old southern doctor first prescribed it away back in 1852. On sale at your drug store.

Redriger Old or BLOOD

If you would stay young in health as you grow older in years, have a care for your blood. De. Thecher's Liver and Blood Syrap puts life into your blood; purifies and suriches it; makes it tone up the whole system. Also speep your Bousels open and is a tonic and a cleanest combined. Good for the whole family. Bold at your drug store.

Once a man, who did't believe in banks, was ploughing, and he plowed up a tin can containing \$500.00 that had been buried by some other man who did not believe in banking his money.

That \$500.00 is in the bank now along with money that the said farmer received for his crop.

Our bank is a safe place for your money. Put your money in our Bank

You will receive 4 per cent interest.

or Chancellor of Eighth District-Aspires to Succeed Judge W. M. Denny, Resigned-Is Logical Candidate.

HAS HAD BRILLIANT AND SUC-CESSFUL CAREER.

Was a Resident of Hancock County One Time and Is Well and Popularly Known Was Candidate in 1915.

The Sea Coast Echo is authorized

to announce this week Hon. V. A

Griffith, of the Mississippi seacoast as a candidate for chancellor of this the Eighth District, to succeed Judge W. M. Denny, recently resigned.
There is no lawyer in the district who stands higher than Mr. Griffith, and as a man he has the popular esteem and confidence of all who know him. This popularity coupled with his ability makes him a formidable candidate to his opponent and a fav-orite with the voters. That he will carry Hancock county by an overwhelming majority there is no doubt and his election, no doubt, will be by

a large majority.
Hon. V. A. Griffith was born near
Silver Creek, in Lawrence county,
Mississippi, August 10, 1874. His parents and grandparents were farmers in that county, the first of them having come to that section in the early settlement of the State. He at tended the common and high schools stood a first grade teacher's examinauon at 14 years of age and taught in the public schools at the age of 18 years, and at 19 entered the State University, graduating in the literary department in 1897, taking the — hoyal and Onver typewriter ribnons in stock and for sale at The Ecno

There are more than 3,000,000 Ford cars in daily service throughout the world, and fully eighty percent of these are Ford Touring Cars. There are many reasons for this, not the least of which is the simplicity in the design of the car, so easy to understand; likewise it is easy to operate; and mighty inexpensive compared to other motor cars. On the farm, in the city, for business and for family pleasure, it is the car of the people, and the demand is increasing every day. Let us have your order promptly if you

## NOTICE TO THE PUBLIC.

There being an unusually large increase for water supply at present, caused by new supplies demanded for the large number of sanitary fixtures installed the last six months, and the large number of automobiles using water for cleansing, and large number of new subscribers coming in this summer. I beg every patron to keep their fixtures from leaking and stop all waste. Also avoid the use of lawn sprinklers, for which there is an extra charge of \$5.00 when used.

Under existing conditions, for the last two years it has been impossible to make any improvements to increase the water supply.

I must further call the attention of water consumers to the fact that water rents must be paid for in advance; and those that have failed to pay cannot expect to have their supply continued at the expense of those that pay.

I am forced to be more strict in collections in order to avoid loss, on account of large increase of license and taxes.

This is not a pleas nt affair for me, but I must work i tout the best I can at present.

Thing about the cotton and sugar situation. Can CHARLES SANGER. anybody help it?
